Conferences @Beach Road

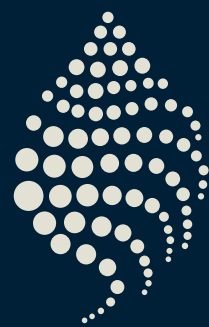

Nestled amongst the bush only 1.5km away from the beach is Noosa's best kept secret "Beach Road Holiday Homes". 49 Architecturally designed houses and magical leisure centre with 4 swimming pools including a lap pool, heated spa, games room, lounge and children's playroom are superbly located to be just far enough away from the hustle and bustle of Noosa's thriving tourist spot but close enough if you want to let them have a taste of it.

Our houses are all three or four bedrooms with three or four bathrooms. They are large enough to have small executive retreats of up to 25 comfortably. We can set up one house as the base and accommodate your groups in our other houses. We have private chefs come in to do the catering and we can theme according to your wishes. Come and have a look you will be glad you did.
